

General Terms and Conditions - Maintenance Services and Sales

GENERAL

All maintenance and sales services on aircraft components including, but not limited to instruments, electronics, avionics or accessories (hereafter the "Equipment"), will be performed by NEDAERO Components b.v. (Seller), based upon the following terms and conditions. These terms and conditions shall be interpreted and governed in accordance with the laws of The Netherlands.

PURCHASE ORDERS

Purchase orders for maintenance services or sales services are subject to acceptance by Seller at its Zevenaar, The Netherlands, facility or any facility handling and/or processing such orders. The commencement of work on any order by Seller shall constitute an acceptance by Seller. Further the Seller is authorized to test Buyer's Equipment in accordance with testing procedures established and/or approved by the appropriate regulatory agency having responsibility for said procedures. Seller shall not be liable for any damage or loss sustained to Buyer's Equipment as a result of such testing procedures. No terms or conditions appearing on Buyer's purchase order that are contradictory to the terms and conditions hereof shall be binding upon Seller unless specifically agreed to in writing.

PAYMENTS

Seller shall submit to Buyer an invoice containing a statement of charges for Services performed or for any cost incurred by Seller on behalf of Buyer. Unless other terms have been specified in writing Buyer shall pay such invoice within 30 (thirty) days of the date of such invoice. In case of late payment Buyer shall, without any further reminder or summons, be obligated to pay interest of 1% (one percent) per month on the outstanding balance as well as any judicial and/or extrajudicial costs expended as a result of said late payment. Extrajudicial costs shall be computed at a rate of 20% (twenty percent) of the outstanding balance due. If Buyer is not paying its bills when due Seller may require full or partial payment as a condition prior to commencing or continuing Services or prior to shipping Equipment. Discontinuation of the Services on account of Buyer not fulfilling its payment obligations shall not release Buyer from its obligation to pay the full amount to which it would be entitled if the order would have been carried out fully. Seller shall be entitled to retain the Equipment on the account and at the risk of Buyer until its claim has been properly paid or until in Seller's opinion proper security has been furnished. In addition Seller shall have the right of pledge on the Equipment and all (other) property belonging to Buyer as security against all claims on Buyer arising from Seller's Services or otherwise. If in relation to any claim no payment has been made or proper security has been furnished within 30 (thirty) days after request or if the Equipment has not been removed from Seller's premises within 2 (two) months after Seller has summoned Buyer to remove it, Seller shall be entitled to sell the Equipment by private treaty or public action without court intervention and Buyer authorizes Seller irrevocably to do so. Any balance remaining after proceeds have been applied to eliminate the full amount due to Seller, including costs, interest and damages, shall be paid to Buyer forthwith.

TAXES

Buyer will pay and hold Seller harmless from any taxes (except for a tax upon or measured by Seller's net income), or other governmental charges imposed by any taxing authority required to be paid by Seller or Buyer as a result of maintenance services performed for Buyer.
