Dear NEDAERO relation,

In this regular Newsletter we will keep you updated on our aerospace related products and service developments.

Meet us at the Paris Air Show!

The PAS is THE event where the aerospace world comes together. The chance of meeting you at the PAS, would be a great opportunity! As our business relation we would not only like to meet you personally and catch up, but also invite you to the Dutch Happy Hours and the reception at Tuesday June 18 at the Holland Pavilion.

The Holland Pavilion will be the central point for those looking for Dutch quality, commitment and innovation. Our NEDAERO staff will be at booth G80 in Hall 2B to inform you about the latest innovations and products regarding components and parts. Our newly developed [Fiber Optic Gyroscope](#) will be one of the key elements of our product portfolio we want to show you.

Please find the invitations here:
